

July 1, 2010

Potential Volunteers and Interns:

We are excited to offer our 2010 Fall training during the day in the first two weeks of October. Following is our schedule and itinerary for topics to be covered. Also, you will see job descriptions for a variety of opportunities both at our business office and shelter/house. Please look and see what sparks your interest. Fill out the application, get your references, and let us know what position or positions you would like to apply for. Once received, you will be asked to come in during August or September for an interview and discuss where you might fit best at SafePlace.

Thank you so much for considering SafePlace. We know that there are many volunteer opportunities in our community and we are privileged to be considered by you. Please contact me with any questions you might have.

Sincerely,

Cheri
